Generate keygens, and use them to put on your machine. Remember the keygen has a decimal number in the first character, and if you use that number you will not be able to use the keygen again! If you start installing and in Autocad you get an error with your license key, go back to the keygen again, and use the same code you used before! I wrote a video tutorial about the keygen, and how to generate and use it! | Version History | Supported AutoCAD versions: | Up to 2016: | 2017: | 2018: | 2019: | 2020: | 2021: | 2022: | Upcoming: | Supported DWG versions: | Up to 2017: | 2018: | 2019: | 2020: | 2021: | 2022: | Upcoming: | Supported 3ds Max versions: | Up to 2017: | 2018: | 2019: | 2020: | 2021: | 2022: | Upcoming: | Supported Revit versions: | Up to 2017: | 2018: | 2019: | 2020: | 2021: | 2022: | Upcoming: | Supported SketchUp versions: | Up to 2015: | 2016: | 2017: | 2018: | 2019: | 2020: | Upcoming: | Supported SolidWorks versions: | Up to 2017: | 2018: | 2019: | 2020: | 2021: | 2022: | Upcoming: | Supported Alibre versions: | Up to 2015: | 2016: | 2017: | 2018: | 2019: | 2020: | Up
